

### **Car Parking Policy for Y Club Members**

Dear Member

Car parking spaces at the club are limited, and demand can often exceed supply. We would therefore encourage everyone who can, to walk, cycle or take public transport. We appreciate that isn't possible for everyone and there is no other obvious solution to the problem. Believe me, we have tried to find one!

The car park is owned by the Castlefield Hotel and rates are set at commercial levels. Usage of the car park is monitored by Park with Ease and all Y Club members have a concessionary rate which means they can use the car park for up to 4 hours for £1 whilst using the club facilities. This concessionary rate only applies if the member is exclusively at the Castlefield facility. Any members going off-site at any time during these 4 hours will be charged £13. The rate for members parking for between 4 - 10 hours, is also £13. Anyone leaving their car overnight will be charged £18.

If members use the Y Club and then purchase food and drink in the Hotel bar and, as a result, stay for more than 4 hours the extra parking costs can be waived at the discretion of the hotel. Hotel staff may require proof of purchase to verify this.

If you do receive a fine from Park with Ease, this is a matter for you to address directly with them using the contact details provided in the correspondence.

Thank you for your cooperation.
